PATERSON IN FEAR OF DYNAMITERS

Mill Owners of New Jersey City Employ Guards For Their Homes.

ARE LIVING IN TERROR

Labor Leaders Plan to Bring About General Strike—Grand Jury Return Indictments.

Paterson, May 17.—Fearing that the attempt of some of the strikers to dynamite the home of a mill foreman at Fairlawn, is the beginning of a "reign of terror," hurry calls have been sent out for private detectives to come to this city and guard the homes of many of the mill owners and other prosperous citizens.

The bomb outrage is blamed on one of the gangs of marauding strikers, composed mostly of foreigners, who have been prowling around the outskirts of the city in the early hours of the morning, spreading terror among the residents.

The marauding bands have chosen the early hours of the morning to carry out their threats of intimidation against mill workers who have returned to work, and some of the more hot headed of the strikers let it be known today that the Saddle river bomb outrage would be followed by others if the silk manufactureres did not give in soon.

A meeting of the executive committee of the central strike committee of the Industrial Workers of the World was held last night at Turn Hall. The purpose of the meeting, as announced in advance, was to decide upon ways and means of bringing about a general strike in this city.

Partly as a result of the defiant attitude of the strikers and of the unstinted criticism of the Passaic grand jury, that body today handed in seventy more indictments, almost all of which were against strikers for unlawful gathering.

SOUTHERN BAPTISTS.

St. Louis, May 17.—The Southern Baptist Convention chose Nashville, Tenn., as the next place of meeting, and fixed May 13, 1914, as the date. Rev. Dr. George W. McDaniel, of Richmond. Va., will preach the convention sermon. The Rev. Forest Smith, of Sherman, Tex., was named as alternate.

It was decided by the officers of the convention that the proposed amendment to the constitution allowing women on the floor as delegates would have to go over until next year ,as it had not been introduced on the first day's session.

Walter Dunson, of Atlanta, treasurer of the home mission board, resigned after nineteen years of service, because of the pressure of private business.

The report on the regulation of church finances, brought before the convention by Rev. Dr. W. H. Hamilton, of Lynchburg, Va., in which he favored tithing a church budget for all purposes and at least one free will offering each year was ordered printed for the purpose of further study.

Rev. L. B. Warren, of Atlanta, made a report on the $1,000,000 fund which is being raised for the support of poor churches in the South. He said that more than a fourth of the amount had been raised.

The night session consisted of a symposium of evangelism and missionary fields, in which the mountain schools of the Southern States were given a prominent place. The Baptists are paying special attention to the Cumberland and Allegheny Mountain regions.

WILL HOLD EXAMINATIONS.

Dr. E. A. Gorman, city health officer, announces that two examinations will be held at the health office in the city hall, where applicants for the practice of mid-wifery will be examined.

The first examination will be held on Wednesday, May 21st. between 2 and 4 o'clock for white applicants. On Thursday May 22nd, the examinations will be for colored.

MARKET WELL SUPPLIED.

Many Country People And Buyers on Hand This Morning.

Notwithstanding the rain, the market this morning was a busy place. There was an increase in the number of country attendants and buyers were more numerous.

There was a profusion of early summer vegetables, and there were beautiful displays of flowers on some of the benches.

Prices in the main showed but slight fluctuations from those of last week.

Rural folks were rejoicing at the sound of the rain on the tin roof of the market enclosure, as the ground had become dry during the past week. The strawberry crop has been delayed somewhat from the want of rain. Some berries have been brought to this city and sold from country wagons at ten cents a box. They have not been of a satisfactory growth nor flavor from the fact that rain and subsequent sunshine are needed to bring them to perfection. They will be plentiful, it is supposed, within the next week or ten days.

TO COMPLY WITH LAW.

Southern Railway to Provide Individual Drinking Cup.

The Southern Railway, in compliance with the new health laws enacted by several states, notably Virginia, which reqiures that sanitary drinking cups be used on all passenger trains, is now supplying paper cups on all passenger trains of the system.

One of the latest regulations which it is expected will be made a general order by the state health board, will compel all the railroads of the state to make reports of the condition of the water used on passenger coaches for drinking purposes and to use pure water only for that purpose. Dr. E. A. Gorman, health officer, of Alexandria, has just supplied the officials of the Southern with a report on the drinking water of Alexandria as a great many cars are supplied with water from this point.

ATTEMPTED MURDER.

Brother of Ex-Governor of Pennsylvania Makes Attack.

Harrisburg, Pa., May 17.—William Hastings, a brother of the late Daniel H. Hastings, made a murderous attack last night on Ross A. Hickok, husband of the former governor's daughter, at Mr. Hickok's residence in this city.

Hastings fired seven shots at Hickok from an automatic revolver during a hand-to-hand struggle in the hallway of the Hickok residence. Only one bullet took effect, penetrating the right side of the abdomen. It is believed to be not serious.

Hastings was arrested after a desperate struggle with the police, during which a score of shots were exchanged, and a girl bystander was shot in the leg. Hastings himself received a bullet wound in his right arm.

Hastings, who is 75 years old, gained notoriety year sago by public attacks on his brother, the Governor, whom he accused of having deprived him of some of the family money.

He went to the Hickok home last night and demanded to see Mr. Hickok. When the latter ordered him from the house, Hastings drew a revolver and began firing.

Hickok, who is of athletic build, caught the man in his arms and hurled him through the doorway. As the door closed, Hastings began firing again, sending four bullets through the door, one of which struck Hickok above the right hip.

Hastings then hurried away. The police were notified and half a dozen gave chase. Hastings was overtaken at Second and Broad streets, where he turned and opened fire upon the police. A fusilade of bullets followed, during which Hastings used three revolvers. When a policeman's bullet broke his arm Hasting fell and was overcome. During the melee Loiuse Kniseley, aged 9, was shot in the leg. Hastings was taken to the county jail. His mind is believed to be unbalanced.

WAR OF DESTRUCTION.

Threaten to Create an Intolerable Situation For British Government Until Given Their Rights.

London, May 17.—"Until we get the vote, we will continue our campaign of property destruction and create an intolerable situation for a government professing to believe in the 'magic of free institution,' to quote the dishonorable prime minister," says a letter written by Mrs. Mary Forrester from the Manchester jail, where she was sent a few days ago to do three months' time for defacing pictures in the Manchester Art Gallery.

"People have to know only of this government's cynical indifference to liberal principles, so far as women are concerned, to realize the steady provoking to rebellion of such spirits as those in the Women's Social and Political Union. As to the manner of our protest, that is quite simple. Denied any real access to the party press of the nation, we make a direct appeal to the people, and incidentally—quite inicdentally—we find inclusion in the press."

PRESBYTERIANS AT ATLANTA.

Spirited Discussion on Statement Concerning Belief of Church.

Atlanta, Ga., May 17. — For the first time in the history of Presbyterianism the four grand divisions of the church—the Northern, the Southern and the United and the Associated Reformed—joined late yesterday afternoon in a union communion service. Participating were more than 3,000 communicants, including delegates and commissioners to the Pan-Presbyterian Pentecost and laymen from every section of the United States.

Presiding over the communion service, which was impressive in its simplicity, were Dr. J. S. Lyons, Dr. R. M. Russell and Dr. J. T. Stone, moderators of the Southern, United and Northern assemblies.

A spirited discussion was precipitated in the General Assembly session yesterday, when the report of a special committee containing a "brief, popular statement of the belief of the Presbyterian Church in the United States," and containing an important reference to the "elect infant clause," was submitted. Action upon the report was ultimately deferred until Tuesday.

That there was a division as to the sentiment of the committees regarding this matter was indicated by the fact that two members of the committee submitted a minority report directly at variance with that of the majority. One portion of the report says:

"All who die in infancy, and all others who are incapable of exercising choice, are regenerated and saved by Christ through the Spirit, who works when and where and how He pleases."

The privilege of the floor was granted to Rev. James I. Vance, D.D., of Nashville, a member of the ad interim committee, but not a member of the assembly. He submitted the report of the committee.

Woman's Charge.

A sworn statement by Mrs. Alice Wessels, making serious allegation of misconduct against Supt. S. I. Hoetter, of the public schools of Pittsburg, Pa., was field yesterday with W. H. Stevenson, chairman of the Heeter investigating committee, by George O. Calder, attorney for Mrs. Wessels. Before her marriage Mrs. Wessels, who was Alice Lang, was employed as a stenographer in Heeter's office, and declares in her affidavit that she was grossly insulted by Heeter. Mrs. Wessels tells of Heeter's advances toward her, his attempts to kiss her, and his efforts to lead her into immoral paths.

WARNING SELDOM HEEDED.

Danger of Attempting to Board Moving Trains.

A belated passenger attempted to board a north bound electric train after it had started from King and Royal streets this morning, and he narrowly escaped being seriously injured or killed. He seized the railing of the motor car, in the centre of the train, but was unable to get his feet upon platform, and in this condition was dargged half a square while holding on for his life. People of the street, realizing the peril of the man, motioned to the motorman and the train was brought to a stop.

The number of accidents from this species of thoughtlessness is legion and persons have been dismembered and rendered cripples the remainder of their lives while others have been killed outright by falling under cars while endeavoring to board them after they have started.

Many Alexandrians are employed in Washington. Some manage to get to stations, before the time fixed for the departure of trains. Others, however, prefer to wait until the last minute and are often compelled to swing themselves aboard after trains are in motion. Such should take heed.

TWENTY DAYS ADDED.

In the police court this morning Matthew Williams, a well known character in police circles was given an additional 20 days to the sentence he is now serving in the workhouse. He escaped several days ago because he wanted to get out on a little spree, so he said. He was handed his own committment papers and went back to the workhouse unattended by an officer.

TO SEEK DIVORCE.

Mrs. Florentine Smoot asks Legal Separation from A. E. Smoot.

Mrs. Florentine Smoot has entered a suit for divorce against her husband A. E. Smoot, a well known resident of Alexandria, according to an announcement in today's Gazette. Yesterday Mr. Smoot published an advertisement in the Gazette stating that his wife had deserted and had removed the furniture from his residence. In her answer today Mrs. Smoot states that her husband had driven her out of his home and that she only took sufficient things for herself and three children. Mr. Smoot has been previously divorced.

VERDICT FOR DEFENDANT.

Damage Suit Outcome of Automobile Collision Last November.

A verdict for the defandant was given by a jury in the Circuit Court for this city this afternoon in the suit of E. C. Richardson, William Power and William Desmond against Joseph Hayman. The object of the suit was to recover damages in the sum of $4,000 being brought as the result of a triangular automobile accident at the south end of the Highway Bridge, November 12, 1912. The jury was out but fifteen minutes. This was the second trial of the case, the first jury being unable to agree.

The jury was composed of the following: J. G. Cockey, foreman; Floyd G. Saunders, John T. Harrison, Oscar W. Phillips, R. Lee Field, J. D. Snellings, and John D. Brown.

The defendant was represented by Attorney Samuel G. Brent and the complainants by Judge C. E. Nicol, A. B. Nicol and H. Noel Garner.

BLAMES NEWSPAPERS.

Declares There is No Justification Whatever for the Publication of War Scares.

Washington, May 17.—"War scares; reports that this government is facing a crisis because of the California-Japanese situation and is hastily preparing for an international struggle; the repeated statements that 'the truth of the affair has been withheld and the public deceived by the Adminstration—are justified only as far as the public will permit itself to be misled by the image-making power of a certain and unscrupulous portion of the press."

In this way Secretary of the Navy Daniels today gave vent to his feelings.

"If there had been even the slightest justification for the publication of these war scares," Daniels continued, "I would be the first to want the people to know the truth. However, there is not, and I protest against the highly colored misinformation which the people are now being fed by some publications."

The Secretary, who is himself a newspaperman, pointed to a newspaper on his desk which carried a first-page story with scare heads, and remarked:

"I recently ordered the cruiser Maryland, now in Pacific wafers to test some Alaskian coal which had been recommended by the naval board for government use. Her bunkers were filled and she made a test run to San Francisco. This was the result"—and the Secretary pointed to the headlines:

"U. S. S. Maryland Stripped for Action—Makes Forced Speed to San Francisco—Prepared for Battle."

"The man who wrote that story," Daniels continued, "ought to be prosecuted."

Rain Interferred with Rosemont Opening Today.

ori ew i delf rt thRe nsemt nrna

The unexpected change in the weather this morning interfered with the plans of the Slaymaker-Schneider Corporation for the special sale day of Rosemont houses and lots. On account of the rain today F. L. Slaymaker states that the sale will be continued Monday. The coupons appearing in the advertisement of yesterday will be good on that day With pleasent weather next week, Mr. Slaymaker expects a large crowd out to Rosemont to inspect the new houses just completed, which are models of convenience and arrangement, being planned to contain all the latest improvements in construction. Ladies especially will be interested in an inspection of these new homes in Rosemont because of the new improvements displayed and there attractive appearance.

Strike of New York Barbers.

"Do something, use their fists if necessary, but close every shop in New York if you want to win this strike." Frank Cancellari, the strike leader, so told 20,000 striking barbers who gathered in Union Square yesterday. The striking barbers had marched in four divisions from Columbus Circle to Union Square, where they were addressed by a number of I. W. W. leaders, including Joseph Ettor and Giovanitti. Earlier in the day a mob of 400 striking barbers marched through the streets in the vicinity of City Hall Square driving barbers from their chairs, chasing half shaved customers into the street, and smashed a number of windows.

The plea of self-defense that she shot to save her husband's life, won the liberty of Mrs. Rosa Saia Caruso, on trial at Huntington, Pa., for the murder of Maco Pulsatelli at Mapleton.

ODD FELLOWS OF THIS CITY.

Report of Representative to Grand Lodge of Virginia Received.

The regular weekly meeting last night of Potomac Lodge, No. 38, I. O. O. F., was well-attended and the proceedings were interesting.

The feature which attracted general attention was the report of Harry E. Arnold, who was the representative of Potomac Lodge at the meeting of the Grand Lodge this week. It was shown that Alexandria had secured more consideration from the grand lodge this year than ever before, W. E. Latham, of Potomac Lodge, having been elected representative of the Grand Encampment to the meeting of the Sovereign Grand Lodge at Minneapolis in September. He will also, as Past Commander of the Patriarch Militants, represent the Grand Commandery.

The third degree was conferred upon one candidate at the meeting last night.

Odd Fellowship from the first found a congenial soil in Alexandria and the two lodges—Potomac and Sarepta—at the time of their institution became stable and honored institutions in this city.

The elder body is vigorous in its old age, while the junior long since grown into a strong organization, is playing its useful part in the principles taught by the order.

Several representatives of the two lodges attended the meetings of the Grand Lodge. They are all profuse in accounts of their interesting and pleasant experience.

FIGHT IN GIRL'S SEMINARY.

Steward and Cook Battle in Kitchen —Both Wounded.

Spartanburg, S. C., May 17.—Two hundred young ladies were thrown into a state of panic and thirty negro waitresses and employes in the kitchen at Converse College were scattered in a moment to the four corners of the campus early Thursday morning during the breakfast hour at the college, when J. D. Cheshire, of Atlanta, the new steward at the college, and John Mays,a discharged cook, engaged in a pistol duel in the kitchen. Nine shots were fired during the engagement and seven of them took effect.

In all, Mays fired four shots, two of which took effect, one in the left hand of Cheshire and the other striking his breastbone and deflecting. Cheshire fired five times, each bullet taking effect in the negro's body—three entering May's left arm just above the elbow and shattering the limb; one bullet entering the left shoulder, and the remaining one striking the breast and running downward. It is the latter ball that may prove fatal.

Cheshire was arrested and gave bond. The negro is in a hospial, and physicians say his chances for recovery is slight.

JAPAN AND UNITED STATES.

Cordial Feeling for United States in Island Kingdom.

While California is much exercised over the presence of Japanese in the State, Japan is actually discouraging emigration to America, according to Maurice A. Oudin, a former Baltimore newspaper man, after five months spent in Tokio.

Mr. Oudin is manger of the foreign department of the General Electric Company and has just returned to Schenectady after an extensive trip abroad. He is a man of splendid education, of trained powers of observation, and his views, formed after a prolonged stay among the Japanese people themselves have special interest at this time. He is quoted as follows in an interview in the Schenectady (N. Y.) Union-Star:

The Japanese, Mr. Oudin, said, are conducting themselves as a proud and sensitive race should in the present controversy. They feel no resentment against the Americans, but only desire to protect their honor and hold their treaty rights inviolate. War with Japan, Mr. Oudin believes, is but a remote possibility.

"The Japanese government," Mr. Oudin said in reply to a question, "entertains the most friendly feelings to the United States. The same is true of the people, the sentiment of the Japanese of all classes being most cordial towards us."

FIRE APPARATUS BOUGHT

Rosemont Secures Chemical Engine and 500 Feet of Hose

Rosemont, Alexandria's handsome suburb will soon be provided with a modern fire department, arrangements having been made for the purchase of a chemical engine and hose, while a building will be erected to house the apparatus. The purchase of the apparatus follows the decision in the annexation case when Alexandria was refused permission to annex Rosemont. Since that time the suburb has been without fire protection.

The board of supervisors of Alexandria county has appropriated $100 toward the purchase of the engine and hose, unless the common wealth's attorney decides its action would be unlawful.

Streets, sidewalks, water, and civic necessities are supplied to the town by the Rosemont Development Company, and R. L. Payne, who presented to the board the town's request, signed by E. H. Kemper, president of the Rosemont citizens association, pointed out that this would be the first appropriation of county money that residents of Rosemont had shared in directly.

A 45 gallon chemical engine and 500 feet of hose will be the first apparatus purchased with the money appropriated by the county and what the citizens association raises in addition. The Rosemont Development Company has promised to provide a home for the fire apparatus, and water plugs are already installed. Water is supplied by the Alexandria Water Company. Mr. Payne offered to place the ownership of the engine in the board of supervisors.

There are 40 residences in Rosemont alone, but the use of the apparatus will not be confined to any restricted area. That section has been entirely without fire protection since the annexation decision adverse to Alexandria city, as since that time the city's engines have refused to go outside certain limits without orders from the city officials, which means a delay in most cases disastrous to threatened property. It was suggested at the meeting of the board of supervisors that adequate fire protection for Rosemont and adjoining territory would be an argument against annexing that part of the county to Alexandria city if the case were reopened.

PLANS FOR NEW HOSPITAL

Trustees and Board of Lady Managers Hold Joint Meeting Last Night

A campaign to raise sufficient fnuds with which to purchase ground and erect new buildings for the Alexandria Hospital was recommended at a meeting of the board of trustes and the board of lady managers which was held last night. Resolutions were adopted calling attention to the crowded condition of the present wards and the necessity of having a new central location. The following committee was appointed to have charge of the campaign: Worth Hulfish, chairman; W. A. Smoot, Jr., Robert S. Jones, James M. Duncan, Carroll Pierce, J. T. Preston.

The following resolution suggested by the special committee which had the subject under investigation was passed.

"Your committee recommends that the board of trustees with the co-operation of the lady managers be directed to start an active campaign to raise the sum approximately $40,000 looking to the construction of a hospital, as outlined, to be located on some desirable site in a more central part of the city. Your committee realizes that the character of the building and location of same depends upon the ability of the board of trustees to raise the amount needed."

The first steps towards the raising of the money will be the bazaar to be held next October.

"TROT-MOC" SHOES

The Perfect Play Shoe For Children

"Trot-Moc"—the "back to nature" play shoe. Children will appreciate the glory in the comfort they afford, and parents the wearing quality. The uppers are of plump tan chrome Indian taned leather, unlined, light and extremely flexible. Soles are of especially tanned elk leather, made dampproof by a secret process and can become wet repeatedly without danger of hardening. The bottoms are fastened on by the Goodyear Welt sewed process which guarantees high quality; no tacks or thread to come in contact with the foot.

Not only an ideal play shoe, but a perfect house shoe, as they will not slip on polished floors, cannot mar furniture, and they give the muscles of the foot rest and protection. For street wear they will be found most comfortable and practical.

NEWS OF THE OLD DOMINION.

TOBACCO MAN HELD.

T. J. Walker Blamed for Andrew B. Willingham's Death.

Richmond, Va., May 17.—A coroner's jury, composed of F. C. Rider, G. I. Ball, Zack Volaski, Ernest Mahue and D. H. Wisman, one juror, Hugh Lynch, refusing to sign the document, found Thomas J. Walker, director of the American Tobacco Company, and his negro chauffeur, Lee Bell, responsible for the death of Andrew B. Willingham, who received fatal injuries when the seven-passenger automobile owned by Mr. Walker and driven by Bell turned turtle on the grounds of the Country Club of Virginia Tuesday night.

The verdict was rendered yesterday afternoon after a dozen witnesses had been examined, the testimony showing that the car was traveling at more than 30 imles an hour as it was rounding the curve where the accident occurred. The verdict says:

"Andrew B. Willingham came to his death from injuries received on the 12th day of May by the overturning of an automobile belonging to Thomas J. Walker and driven by Lee Bell and that the overturning was due to the unlawful and reckless speed at which the automobile was driven by Lee Bell and which was allowed by the owner, who was in the car with him."

Coroner Taylor stated that this was the second divided jury he has had in 8,728 inquests. Warrants charging the two men with reckless driving will be served on them today.

FARMS DOUBLED IN VALUE.

Commissioner Koiner Issues Statement Comparing Reports of 1900 and 1912.

Richmond, Va., May 17.—Showing the wonderful agricultural growth of Virginia from 1900 to 1912 inclusive, a statement has just been issued by Commissioner of Agriculture George W. Koiner. The total agricultural values in Virginia have more than doubled during the last twelve years. This great increase has been brought about as a result of scientific farming and the use of extensive rather than extensive cultivation of the soil as the number of acres being used for farm purposes has been reduced 540,000.

GIRL ATTEMPTS SUICIDE.

Recent Winner of Prize in Popularity Contest Drinks Poison.

Harrisonburg, Va., May 17.—Despondent over a love affair, Miss Mollie McDorman, drank two ounces of Iodine and a quantity of carbolic acid Thursday. A physician administered antidotes and saved the girl's life. At a circus and carnival here two weeks ago the girl won a $100 diamond ring in the popularity contest. She is an unusually pretty girl and is well known about the town.

A severe storm broke the five weeks' drought here late yesterday. In west Rockingham trees were struck by lightning, and in Bridgewater the spire of the Presbyterian Church was hit and the roof set afire. It was extinguished with slight damage.

DIVISION SUPERINTENDENTS.

Contests in Many Counties for Position in Public School Department.

Richmond, Va., May 17.—The action of the State Board of Education this week in postponing consideration of all contests in the election of division superintendents until June 23d should help the candidacy of the present Superintendent of Public Instruction for re-election. Contests leave scars and sores. The superintendent is a member of the board. The list of candidates for State Superintendent will close June 5th—eighteen days before the contests are taken up.

In 1909 when former Superintendent of Public Instruction Joseph D. Eggleston was an unopposed candidate for re-election, a meeting of the State board for the choice of division superintendents was not called until the time limit in which opposing candidates might announce themselves had expired. Eggleston was elected by default, but he got out of the department before another election came round, his assistant, Mr. Stearnes, succeeding him.

There is much dissatisfaction among people who come to Richmond to attend the board meetings. Postponement of contested cases means that all those men must make a second trip to Richmond.

June 23rd was chosen by the State Board of Education as the date for the consideration of contests for division superintendents of public schools.

Because of contests filed at the last moment, because of the desire of some of the consolidated districts—where two or more counties are now in one district or division—several counties in which there were no contests were passed by, and in this way errors have crept into the list of those elected.

For instance, there were no elections in Albemarle, King George, Nansemond, Northumberland and Lancaster and none in Rockingham. It can be seen that some of the reasons for failure to elect were technical. The Board did elect the superintendent for Craig county.

The board decided that when the hearing on the contests begins persons interested would be allowed to appear before the board either to make or refute charges, for the information of the board. This is a new departure.

CHILD PICKS UP SNAKE.

Reptile Killed Burying its Fangs in Hand of Child.

Strasburg, Va., May 17.—Seeing his baby sister standing in the yard holding a five-foot blacksnake in her hands, the 5-year-old son of Mr. and Mrs. John Davidson, who live a short distance east of town, beat the reptile with a stick until it dropped to the ground. The snake had buried its fangs into the child's hand.

The children were playing in the yard at their home several days ago when the little girl, who is two years old, picked up the snake, supposing it to be a stick. The snake, when killed by Mrs. Davidson with an axe a few minutes later, was found to be a monster, measuring five feet in length. Had it wrapped around the child's body it could have crushed the little life out with ease.

The imprint of the fangs can be plainly seen in the little girl's hand, but the wound healed readily, showing no sign of poison.

Washington, May 17.—The Police Department has been asked to make a search of Washington for Walter Gains, forty-five years old, of Vienna, Va. Gaines left his home early Thursday morning for Washington, and up until last night had not returned home. Charles V. Arnold, eighteen years old, has disappeared from his home in Mount Rainer, Md., and the police have been asked to look for him.

DR. LILLY ACCEPTS.

Pastor of Grace Street Presbyterian Church to Leave Richmond.

Richmond, Va., May 17.—The Rev. Dr. D. Clay Lilly, D. D., pastor of the Grace street Presbyterian church, informed the officers of his congregation last night that he determined accept the call tendered him by the executive committee af the laymen's missionary movement of the United States and Canada to become one of the conference leaders in the great Missionary campaign to be inaugurated next fall.

His resignation will formally be presented to the Presbytery of East Hanover which is scheduled to have an adjourned meeting next Monday morning.

FARMER KILLED BY TRAIN.

Adam Ritter Loses His Life While Trying to Cross Railroad.

Tazewell, Va., May 17.—Adam Ritter, one of the most prominent farmers of Tazewell county, was instantly killed by a freight train here Thursday afternoon, his body being mangled beyond recognition. One of his horses was so badly mangled that the animal was later shot.

Mr. Ritter came to town for a load of agricultural lime. He was attempting to cross the track when his team was struck by the train and he was thrown under the cars. He probably did not hear the approach of the train on account of his deafness.

The train was stopped several minutes after Mr. Ritter was killed.

Negro Dies After Assault.

Richmond, Va., May 17.—"Pete" Glover, a negro about 27 years old, died Thursday in the memorial Hospital, as the result of injuries suffered in a crap game Sunday afternoon when he was struck with a big club in the hands of H. Burk, another negro.

The negro's skull was mashed and in an unconscious condition he was rushed to the Memorial Hospital by Dr. Bryce, of the city ambulance corps Burk escaped following the cold-blooded attack.

Both of the men were employed as workmen with the railroad cap at Belt Line,, in Chesterfield County, where the attack occurred. The negro never regained consciousness.

MONROE DOCTRINE NOT SUBJECT TO ARBITRATION.

There is at least one question that could not be subject to international arbitration—the Monroe doctrine—in the opinion of Prof. Wm. R. Shepherd, of Columbia University, expressed yesterday before the Lake Mohonk conference on international arbitration.

"In the present state of public opinion," Mr. Shepherd told the delegates, "A question about the application of the doctrine could not more be subjected to international arbitration than could one about the national independence of the United States."

Mr. Shepherd spoke on "Some Recent Forms of the Monroe Dictrine and Their Relations to International Arbitration. He said in part:

"Most of the phases of our policy toward the republics of Latin America have little or nothing to do with the Monroe Doctrine. Not by considerations of the Monroe Doctrine so much as a desire to maintain our political preponderance in the western hemisphere to promote our commercial aggrandizement to strengthen throughout the Latin-American states a sense of Inter-American solidarity of which the hardships of the United States shall be outward and visible sign, have shaped the major part of our policy toward them of recent years.

"The United States has intervened in the internal affairs of the Latin-American nation to maintain order to insure fair elections, to rehabilitate finances and to enforce rules of sanitation. It has imposed its mediation upon belligerent countries and has actually created two of the republics. In fact, it has introduced into supposedly independent and sovereign states a kind of political tutelage unknown elsewhere in the world.

"Some Latin-American republics and individuals, aggrieved by our conduct, have made the mistake of publishing their complaints in Europe where they should not be of the remotest service. Some have urged that the aid of Japan or of Germany or of Europe at large be invoked as a counterpoise to 'the Colossus of the North.' Others have proposed a confederation of Latin-American countries to offset the headship of the United States and to restrain its alleged bent for imperialism. Dreamers and idealists care nothing about the lessons of history and ignore the plain facts of the present. In Latin-America they have been misled by the mirage of numbers and the map.

"Europe seems to think that the United States wants Latin-America for itself or, at any rate, that it ought to make itself responsible for short comings on the part of the Latin-American republics by forcing them to live up to their obligations. For these opinions correctives are available.

"The United States has expressly disclaimed any intention of allowing the Monroe doctrine to serve as a grant of impunity. A convention of the second Hague conference provides for a resort to arbitration. European powers may apply coercive measures, so long as they do not seize territory. The United States is at liberty to use its position of headship in America for the purpose of bringing its moral suasion to bear.

"In less practical fashion it has been suggested that all the American republics should agree to boycott any particular state guilty of wrong-doing. It has been advocated also that these nations enter upon a compact forbidding any of them to make further conquests in America.

"A better plan would be to establish a kind of concert of the powers similar to the one existing in Europe, whereby the United States would cooperate with the stronger and more progressive countries of Latin-America in regulating the affairs of weaker countries so far as this might be desirable. Such an arrangement, when tried in recent years has worked very well. It safeguards the Monroe doctrine, leaves the leadership of the United States essentially intact, tends to abate among Latin-Americans and fear of our supposed imperialism, enhances the prestige of the larger and more important republics, and renders the process of needful regulation easier."

DEATH OF JENNIE DEAN.

Well-Known Colored Woman Dies in Prince William.

Jennie Dean, founder of the Manassas Industrial School for Colored Youth, died from paralysis in her home near Catharpin, Prince William County, a few days ago.

Born in slavery on the historic plains of Manassas she heard the roar of musketry and the booming of cannon in the first great battle of that war, and when peace was declared and the public free schools inaugurated she obtained her limited education in the first school house built for colored children in Prince William county, known as Mandly No. 5. From her early youth she manifested a deep interest in religious affairs and organized her first Sunday school in her home in the early eighties, from which she developed her first mission church, Mt. Cavalry Chapel, nearby.

Three other Baptist churches were organized and put on a firm basis through her efforts, namely, Wellington Mission, Pilgrims' Rest, in Prince William County, and Conklin, Loudoun county.

ACCUSED OF ASSAULT.

Young Baltimore Married Man in Ellicott City Jail.

Ellicott City, Md., May 17—John C. Fulton, of Baltimore, is in jail here for a hearing next Monday on the charge of criminal assault on Miss Melissa Filmore, 16 years old daughter of Mr. and Mrs. Elijah Filmore, of Savage, Howard county.

The attack is said to have been pepetrated near Waterloo on Wednesday evening, when Miss Filmore was on her way home from a visit to friends. She was only a short distance from Savage, she says, when Fulton came along in a team and asked her if she wanted to ride to Savage, as he was going there to visit his aunt, Mrs. Wesley Baldwin. Though the man was a stranger, Miss Filmore says she accepted his invitation. Instead of going to Savage, Fulton, she says, drove to a drawn pistol made her alight and go woods near Waterloo, and with a into the woods. She declares she was so badly frightened that she did not known what to do, but she put up a fight and in the tussel her clothes were torn and she was badly bruised, but finally after threating to kill her if she told anybody about the affair, she alleges, he drove away, leaving her to walk to her home, a distance of about two miles.

On getting home she told her parents and they swore out a warrant. Fulton having told the girl his name while he was driving to the woods, she says. He was taken to Savage and identified by Miss Filmore.

Fulton admits having been with the girl on the evening in a question but denied that he assaulted her. He is 32 years old and has a wife and three children.

SUGAR-PLUM.

She's only four year old, you see,
A little baby girl,
She's nothing but a sugar-lump
Of dimple, smile and curl.

Her sparkling bright eyes make you believe
That God above did rear
Two tiny bits from Heaven's blue,
And laid them gently there.

She's born to rule the hearts of men,
This dainty child-coquette,
And once she smiles upon you, you're
Ensnared in Cupid's net.

This pet this bit of innocence
Will make the day less drear,
Her charming sweetness makes you feel
Like Heaven's mighty near.

We had a nice visit to the telephone exchange the other day. To one or two of our readers who don't believe in giving credit where credit is due, we beg to say that the place is remodeled in handsome fashion; that two handsome gentlemen in office treated us with a rare courtesy; and treasted us with a rare courtesy; and that a number of attractive operators were busily engaged in answering the aforesaid readers' telephone calls.

You're just obliged to like the man
Whose life's a hollow bubble,
But strives to do the best he can
To help folks in their trouble.
He may be lazy, trifling, weak,
But if he's sympathetic,
For all mean things you've said 'bout him
You feel apologetic.

A CARD.

To the Editor of the Gazette.
Sir:

Replying to the card of my husband, published in your paper yesterday, I beg to say that I did not desert him and take away his furniture, but he deserted me by ordering me out of the house, and I took only the furniture that belonged to me, and was necessary for the use of myself and three babies. I have sued him for a divorce on the grounds of desertion and cruelty and the court will decide who is to blame.

Respectfully,
MRS. FLORENTINE SMOOT.

The Underwood tariff bill yesterday was sent to the Finance Committee. By a vote of 41 to 36 the Senate refused public hearings. This vote was looked on as a test of President Wilson's control of the Democratic situation in the Senate. Only two Democrats left the reservation. The Louisiana Senators, Ransdell and Thornton, who are expected to vote against the tariff bill on its final passage, and to vote with the Republicans on every important issue raised concerning it. The Democrats were recruited by one vote, Senator Poindexter of Washington the only avowed progressive or Third party man in the Senate.

Charles T. Burns, assistant foreman of division in the Weather Bureau, yesterday was demoted from his present position at $1,600 a year to the position of compositor in the bureau of $1,250 a year by Secretary of Agriculture Houston. This was the penalty of his activity in behalf of Willis L. Moore, recently dismissed as chief of the bureau, for Secretary of Agriculture. Burns was found guilty of the charges.

F. B. Slate, editor of a Mount Auburn, Ill., paper yesterday shot Dr. B. P. Windsor, mayor of Mount Auburn, in the stomach. The shooting occurred in the railroad station at Decatur, where Windsor was waiting for a train. After being shot the Mayor boarded the train and went to a hospital in Springfield. Governor Carranza has issued a decree declaring that the law of January 25, 1862, popularly known as the "law of Maximilian," would be enforced against Huerta and his associates when they are captured. This law provides that any person making an attempt on the life of the chief magistrate of the republic or any of his ministers engaging in a seditious uprising against the legal authorities, or inviting the invasion of foreign troops shall suffer the penalty of death. Under this law Maximilian was executed. Dr. Francisco Vasquez Gomez concluded his conference with Governor Carranza today. The Governor declined to give any information as to the meeting's result.

A number of persons were injured yesterday at Lancaster, Pa., when the big tent of the Buffalo Bill-Pawnee Bill show was blown down during a thunder storm. The accident occurred shortly after the show opened and a panic ensued as the many poles, ropes, and canvas fell, burying the audience. That none were seriously injured or killed was in the nature of a miracle, as several broncho busters and ropers were performing in the big tent when it collapsed. A considerable amount of wearing apparel, hats, and valuable articles were lost during the scramble to get from under the canvas.
